***Safeguarding Client Non-Public Information
Effective January 1, 2016. Subject to change without notice.***

Fouts Financial Group ("FFG") recognizes the importance of safeguarding the privacy of client non-public information, and maintains the following privacy policy:

- FFG does not share Client non-public information with third parties, except as required to carry out the professional services for which FFG has been retained, or as required by law pursuant to a matter in which the Client is a party.
- FFG does not rent or sell Client non-public information.
- FFG identifies Clients only when required to carry out the professional services for which FFG has been retained, or as required by law pursuant to a matter in which the Client is a party.
- FFG receives Client non-public information in the normal course of providing advisory services. FFG maintains regulatory-compliant physical, electronic, and procedural safeguards to protect client privacy.

Please contact the office if you have questions about this policy.
